CORN NEEDS RAIN

CONDITIONS IN STATE CAUSE UNEASINESS TO STATE BOARD.

SHALLOW CULTIVATION

That's the Thing Says W. L. Nelson That Will Make a Crop, Rain or No Rain—Wheat Will Make Millions.

The following is sent out by W. L. Nelson, assistant secretary of the Missouri state board of agriculture:

Farming conditions throughout about three-fourths of Missouri are becoming somewhat serious because of lack of rain. Nothing is to be gained by denying this fact. It is the coward who whistles as he goes alone through a graveyard at dead of night. The Missouri farmer is no coward. Nor is he an ostrich, burying his head in the sand and seeking in this stupid way to escape danger. But in Nodaway county crops are looking fine, although rain is needed.

On the farms of this splendid state—a state where never yet has there been a general crop failure—are men ready to face every problem and to put into practice the most approved methods. In other trying times they have kept going, kept a stiff upper lip—and won. If comes the worst, the workers will again win. If after our scare come the showers—yes, and the "soakers"—the stirred soil will prove the wisdom of the work in dry weather.

Corn in Missouri may yet be a bumper crop. The stand was never better and the fields never cleaner of weeds. Shallow cultivation and dragging will, if kept up right along, keep corn growing for some time. There is magic in a dust mulch and an old mower wheel dragged between the corn rows may be a wheel of progress. Let us not, through neglect, suffer loss, but let us keep the corn alive to the last. Shallow, level cultivation is the thing.

Do not sacrifice half-fat live stock, at least not yet. By all odds, hang on to the cows and sows—in fact, to all the breeding stock. A further live stock shortage is sure to mean skyrocket prices next spring, maybe next month—certainly if rain comes and pastures turn from brown to green as they do so rapidly here in Missouri, land of bluegrass. While such good prices prevail sell the stock that is ready, and get rid of the "star boarders" that you have kept too long, but keep the good ones that will increase their kind and bring you coupons to clip.

The wheat crop is made and while the thresher has not yet told its tale, it is certain that the yield will mount far into the millions of bushels. Save the straw. It will prove valuable as feed and will go far toward taking the place of oats and timothy.

Clover has been saved in the best shape. Many fields made record yields and the quality is of the best. Alfalfa fields are giving abundant harvests.

Now with forage crops, for which there is yet time, there need be no serious shortage of feed, even with a further lack of rainfall.

Sorghum, cowpeas, kafir and milo maize are timely crops. Wheat ground or ground where oats failed may, unless very dry and hard, be profitably seeded to cowpeas. New Era or Whippoorwill, or even mixed peas, may do well. About one and one-fourth bushels per acre of Whippoorwill or one bushel of New Era should be drilled in with a wheat drill, leaving all the hoes open. Setting the drill to sow five pecks of oats is about right for New Era, while a little more should be figured on for the "Whips" as the seed are larger. Broadcasting is not to be advised. Too many seed are lost and the expense is too great, as by this method seeding must be heavier.

Sorghum, kafir and milo are all dry weather crops. Wheat used for forage, a common practice is to put in the seed—about one bushel per acre—by using wheat drill and leaving all hoes open. Where broadcasted, twice the amount of seed should be used.

About 40 pounds of cowpeas per acre of [illegible] or millet has been recommended as making much excellent feed. Cutting should be done before the millet goes to seed.

Turnips sown in July will make an abundance of feed, especially if rain follows. In many countries turnips and other root crops are depended upon to form a large part of the ration for live stock, and are also generally served on the family table.

Should rain come, early varieties of corn planted within the next two or three weeks, on wheat or oat ground, should make the very best of fodder, as the leaf growth of such corn is heavy. It will fill the silo, too.

As the dust mulch is the magic blanket, so is the silo the magic box. Even when emergency crops must, in the main, be relied upon to fill it, the result is a fine lot of feed. "Silage," it has been said, "is just grass without flies." It is also grass that grows even when the pastures fail.

With the courage and resourcefulness so characteristic of Missouri farmers, work to meet any emergency will go right along. Then if rain comes soon there will be a bumper crop of corn. If dry weather follows there will be no disastrous failure.

THE LEAGUE CONFERENCE.

Many Are in Attendance at the Sessions Today at Buchanan Street Methodist Church.

Today's session of the Epworth League conference at the Buchanan Street Methodist church opened at 9 o'clock this morning with a Bible lesson conducted by Miss Henriette L. Gay. Miss Gay is the professor of religious pedagogy in the Scarritt Bible and Training school. At 2 o'clock this afternoon she conducted another lesson, and will give two more lessons Friday at the same hours, 9 a. m. and 2 p. m.

Following Miss Gay's class this morning there was a meeting for organization. Three committees were appointed by the president, C. W. Meyer of St. Joseph. They are:

Committee of state of league—A. C. Zumbrunnan of St. Joseph, S. S. Connett of Sparta, Miss Agnes Waddell of Dearborn.

Resolutions committee—Rev. L. C. Maggart of Dearborn, Miss Emma Mays of Sparta, Rev. J. F. Patton of Skidmore.

Nomination committee—Rev. S. E. Hoover of Ravenwood, John Utz, Jr., of Sparta, Miss Mary McDaniels of Savannah.

Next the reports of the different leagues of the district were given, after which there was a short recess, followed by the meeting of the first department. This department has charge of the devotional services of the league, and this morning's meeting, lead by Miss McDaniel of Savannah, was given over to the discussion of methods of conducting devotional exercises.

The afternoon session was begun with the second of Miss Gay's Bible lessons. Following that came the Junior League hour, conducted by Mrs. E. K. Logan of St. Joseph, the district superintendent of junior work.

The closing meeting of the afternoon was an open conference of the third department, conducted by Miss Mattie Bishop of Ravenwood. This department has charge of the social and literary features of the league.

The evening session this evening will open with a song service, after which a reading will be given by Miss Ila Wyatt. The Ravenwood ladies' quartet will give a number of selections. The quartet is composed of Misses Mattie Bishop, Flo Bentley, Wilma Duffy and Mrs. Ola Beadle. C. W. Meyer will give an address.

The conference will adjourn at Friday afternoon's session.

NO EYES AND NO TAIL.

A Freak Calf On the Farm of Denver Florea, Near Hopkins—Three Weeks Old.

A freak calf is on the farm of Wenver Florea, near Hopkins, says the Journal. It is a calf without eyes or a tail. There are holes for the eyes, but no eyeballs or lashes. There is, of course, a place for the tail, but nature forgot to have it grow.

The calf is now 3 weeks old and is few by hand, it being impracticable to have it try to follow the cow in ord[er] to get its meals, as it would be up[on] work for a calf without eyes to c[ome] its mother over the hills, hollows, vales.

The calf is apparently healthy as full of play as any on the place instead of running, it satisfies itself jumping up and down, feeling, [be]lieving that this plan is safer than g[oing] Rancher Kwat unknown path

TWO ROADS TO LINE

COUNTY SEAT HIGHWAY TO PAGE AND TAYLOR COUNTIES.

WILL SETTLE CONTEST

Two Routes to North That Were in Contest Likely to Be Chosen—Letter from State Highway Engineer.

There are to be two state line roads from Maryville, so State Highway Engineer Frank W. Buffum writes in a letter to County Highway Highway Engineer John H. Clary. This will be good news to not only the commission here but also the two routes in contest, Hopkins and Pickering were after the road, so was Burlington Junction and Clearmont. Now since there are to be two of these roads it will be an easy matter for the commission to decide these roads.

The letter of Mr. Buffum contains some information in regard to the selection of the county seat highway. As the letter will be of interest to all who are working for a highway or state line road the following is what he writes to Mr. Clary:

"The state highway department suggests to your commissioners that they do not give out any definite information in regard to the location of the roads. It will save a lot of ill feeling in case a road should have to be changed from one place to another.

"The writer expects to be in your portion of the state very soon and go over the routes in question with the commissioners.

"The commissioners are requesting the following requirements:

"Roads are to be not less than forty feet wide.

"Hedges cut down to five feet, excepting, say every sixteen feet, permitting them to grow if they are desired for post purposes.

"To see that all culverts are put in—not promised.

"All bridges to be made passable at once, and when repaired to be good concrete or steel bridges.

"That culverts and bridges shall be no less than twenty feet long and with the forty feet of road and thirty feet between ditches, even longer than twenty feet would be better.

"The road to be graded up at once, so that the dragging can commence as soon as the road is located, as it is useless to drag a flat road—simply a waste of the state's money.

"It is the desire of this office that we proceed to make a system of very high grade roads in our state and not have this law a failure, but make it a great success. While the $15 per mile will drag the road if the rains would all come just at the right time, still when the frost is coming out of the ground in the spring and during the long rainy seasons it is expected that the farmers on the line will assist the man who has the contract for dragging, to keep up the work during those periods.

"Regarding the question you asked about where you join county seats on the north, this office is following the plan of allowing a road to be run to the different county seats or large cities in the state adjoining. Your commissioners should work with the county court of the other state, and if they do not have a commission, to either appoint one or their court should work with your court in getting the best route. We hope that great care will be taken by your court to see that these roads are laid out strictly according to the law and not for the benefit of private interests or certain localities, as these roads are not intended to be neighborhood roads, only so much as they happen to be when the roads are carried through. If diverted and not covering the intention of the law, it would bring discredit to the commissioners in this office.

"Yours very truly,

"F. W. BUFFUM,

"State Highway Commissioner."

B. MUSE PAROLED

TERMS OF PARNELL MAN'S PAROLE ARE VERY STRINGENT.

JURY WAS DISCHARGED

Court Didn't Want to Force Attendance of Witnesses at This Time of Year—Will Adjourn Saturday.

This term of circuit court will adjourn Saturday, after a week's session. The jury was discharged Wednesday.

No trial cases were tried on account of the fact that the witnesses in all of the cases were so busy in the fields that satisfactory trials could not be had, and the court did not want to force their attendance and take them out of the fields. All of the trial cases were continued until the September term of court. Many of the other cases were set over to the September term, as were nearly all of the criminal cases.

The court paroled Bernard Muse, he having been in jail since last February. He was convicted of the illegal sale of intoxicating liquor and gambling at Parnell, and the court assessed his punishment at six months in the county jail and a fine of six hundred dollars. This parole was granted on condition that he pay all the costs, and on the further condition that he report to this court at each subsequent term for one year, and that if he is seen around or about Parnell, or is caught in an intoxicated condition or if he uses intoxicants in any form hereafter, or is unemployed on the streets, his parole will be immediately revoked and he will be compelled to serve the remainder of his term in jail and to pay all the fine. It seems that under the law if the paroled person violates the conditions of his parole he is compelled to serve out the entire punishment without taking into account the part that he has already served.

Levi Kelley, who was given a sentence of three months in the county jail for disturbing the peace, was paroled by the court this morning. The young man's parole is conditioned upon his good behavior, and also that he must not visit any place where intoxicating liquors are sold, and to keep good company. Another condition of his parole is for him to pay the costs and also $50, that sum of money to be kept in the hands of Circuit Clerk Rathbun for the support of Kelley's mother, and to be paid out for groceries and dry goods upon the order of the mother. The money was paid over to the clerk.

PROVED WILL IN CIRCUIT COURT.

As Probate Judge Conn Was a Witness on the Will It Had to Be Taken to Circuit Court.

The matter of the last will of Margaret A. Barton, who died at Ravenwood on May 18 had to be proved in circuit court on account of Probate Judge Conn being a witness of the will. All wills are proven in probate court, but when the judge of the court is a witness to the paper or instrument, and only one other person witnessed the will, then the matter has to be taken up in circuit court. The Barton will was up in court this afternoon and was proven up. The other witness to the will was Elizabeth M. Hunt. This is the first time that a will has been proven up in circuit court for many years.

OFF ON EASTERN TRIP.

Mr. and Mrs. Ferritor Will See Nephew Ordained to Priesthood in Baltimore.

E. L. Ferritor, agent at the Wabash station, and Mrs. Ferritor, left Wednesday night on a two weeks' trip to Baltimore, New York City and other eastern cities. While in Baltimore they will attend the ceremonies attending the ordination of a nephew of Mr. Ferritor to the Catholic priesthood. They will also visit Luke Ferritor at Stanton, Pa.

Judge Ellison has promised a number of his friends that he will send them back a fish or two.

NEVADA CLUB INTERESTED.

Are Trying to Promote a White Way and Want Business Men to Know How Maryville Did It.

Fifty Nevada, Mo., business men received a copy of Wednesday's Democrat-Forum and will also receive today's paper. These papers are sent by order of the Nevada Business club, the hustling organization of that live town. The club is trying to promote a white way, and the fame of the Maryville white way has reached their ears and they want to know how we did it. The names were furnished by Sheldon Wright, the secretary of the club, who asks that the papers be sent with the "Compliments of the Nevada Business Men's Club."

IN CITY POLICE COURT.

Many Were Arraigned Before Mayor Robey Wednesday and Thursday —Too Much Celebration.

The city police court has been a very busy place and Mayor Robey has been kept busy fining many that got too much celebration. All of the men arraigned were for drunkenness, and a few were for disturbing the peace and drunkenness. There was one case for speeding and that was Roland Criss. It cost him $11.10.

The other cases and the fines and costs are: Alfred Wallace $22.20; John Smith $8.10; George Anderson $8.10; John Miller $16.20; W. R. Johnson $8.10; Everett Wilson $8.10; W. C. Parks $8.10; H. H. Smith $8.10; John W. Tarlton $8.10. Two were committed to jail, being Dan Tooher and P. Greenelsh.

Mrs. Elmer Corken and daughter, Miss Vida Young, of Hopkins were the white way guests of Mrs. R. E. Snodgrass.

IT WAS BIG CROWD

ESTIMATED OVER 6,000 VISITORS ATTENDED CELEBRATION.

IS A MARK OF PROGRESS

Mr. Blagg Told of Man's Yearning for Light Since Dawn of Civilization—Lights Turned on at 8:30.

It was a big, enthusiastic crowd which came to see and help make a successful white way celebration yesterday. The first comers arrived early in the morning, and the incoming streams of people kept up al lthrough the day. They came in automobiles, buggies and trains. The streets leading from the square were filled with parked automobiles until they were almost impassable. It is estimated that there were 500 cars in town. Many of them came from Iowa and Nebraska. The streets in front of the liver stables and feed yards were packed with buggies. In its purpose of bringing a large crowd to tonw, the celebration was a complete success, for there were at least 6,000 people here.

The size of the crowd was not the only success of the celebration, however. The program of the day was given, feature for feature as advertised, except for the afternoon flight of the aeroplane. This brought no criticism, however, for the people realized the unavoidability of the accident. The morning flight had been seen by everyone but a few who came to town in the afternoon, either from the Normal grounds or from downtown, and this satisfied them.

The afternoon program began at 2 o'clock, and there was no pause in the festivities from that time on until midnight, when the last few celebrators rode the merry-go-round on its last trip and then went home. The crowd centered, during the afternoon and evening, in the court house yard, listening to the concerts given by the Maryville Concert band and watching the free acts. The band cannot be praised too highly for its work. It put in a long, hard day, and played excellently at all times.

A few minutes before 8:30 p. m., W. A. Blagg entered the band stand and began his address, "Lights On." He welcomed the people to Maryville and expressed the attitude of the Commercial club and citizens of Maryville in wishing the visitors a good time, not only yesterday, but every time they come to the city. Then he went on to tell of the struggle of the human race ever since the beginning for light and a better way of living. He told of the city building and the wonderful progress the modern city has made in taking care of its inhabitants and surrounding them with every comfort and convenience. Chief among these conveniences he placed the modern methods of lighting a city. Then he said:

"Even while I speak, at 8:30 o'clock, the lights of Maryville's new white way will be turned on to show you what progress she has made along this line."

He had not finished speaking when every light in the ten blocks of new system flashed on amid the cheers of thousands of people on the streets.

Immediately after the address of Mr. Blagg the outdoor moving picture show was started and furnished entertainment for the crowd for nearly two hours. The band continued its music, and the crowd kept moving 'round and 'round the square, eating peanuts and ice cream, drinking pop and soda, riding on the merry-go-round and having the best time possible until midnight.

The accident to Ralph E. McMillen and his aeroplane at the Normal grounds yesterday morning spoiled the day for many people until they learned that he was not seriously hurt. McMillen left Maryville at 4:30 o'clock yesterday afternoon on the Burlington for St. Joseph. He will probably go on to Kansas City from there. His assistants remained in town to dismantle the aeroplane. They will stay here three or four days working on the machine.

This afternoon they received a message from McMillen, who is in Kansas City, saying that he is having new sections built for the plane. When fin-

NEW LAWS INTO EFFECT.

One Relating to Working Hours for Women, Limiting to Nine Hours, of Interest.

Copies of the nine hour law for women and the occupational disease, which go into effect next Monday, have been received here.

The occupational disease law is for the protection of persons employed in places where antimony, arsenic, brass, copper, lead, mercury, phospohus, zinc, and their alloys, or salts, or any poisonous chemicals, minerals, acids, fumes, vapors gather, or other substances are generated or used.

The nine hour law affects many more industries than the other measure, and the section of special interest, which has reference to the hours of labor of female employes, is as follows:

No female shall be employed, permitted, or suffered to work, manual or physical, in any manufacturing, mechanical, or mercantile establishment, or factory, workshop, laundry, or bakery, or restaurant, or any place of amusement, or to do any stenographic or clerical work of any character in any of the divers kinds of establishments and places of industry, herein above described, or by any person, firm, or corporation, engaged in any express or transportation of (or) public utility business, or by any common carrier, or any public institution, incorporated or unincorporated in this state, more than nine hours during any one day, or more than fifty-four hours during any one week: Provided, that operators of canning or packing plants in rural communities, or in cities of less than ten thousand inhabitants wherein perishable farm products are canned, or packed, shall be exempt from the provisions of this section for a number of days not to exceed ninety in any one year: Provided, that nothing in this section shall be construed or understood to apply to telegraph or telephone companies. (Sessions Acts 1912, approved March 25, 1913.)—

The laws shall be enforced by the factory inspection department of the state.

White Way Celebration Notes.

The aviator, Ralph McMillen received $250 for his one flight. If he had given another flight in the afternoon he would have received $100 more. His flight was a very successful one and he was up in the air nine minutes, according to several who timed him. It is understood that an effort will be made to get McMillen back to Maryville some time this summer.

The Commercial club deserves great credit for the celebration. They were actively in charge and everything possible was done to entertain the large crowd. Any number of people were here from a radius of 100 miles from Maryville. And business was good during the entire day at all of the stores and soda fountains. Many of the merchants said they enjoyed the largest business they had this season. At the soda fountains it was nearly impossible to accommodate the people. And business kept up from morning till night. The two saloons had a big business. At the Oak there were fifteen bartenders handing out intoxicating liquors.

* * *

A few are of the opinion that there were 15,000 people in the city. Several old timers said that it was the largest crowd that has been in Maryville since the hanging of the Talbott boys in 1881.

* * *

Dr. H. E. Tralle of Mexico and S. L. Williams of Liberty, who were attending the county school convention in session Wednesday, spoke during the afternoon from the platform in the court house yard on Sunday school work.

* * *

The many seats and benches in the court house yard came in handy and any number of people took advantage of the places to sit down and rest. The court house yard was as full as it could be all day.

* * *

The merry-go-round took in $428.70 from noon until midnight. The Commercial club will receive 10 per cent of this amount.

* * *

It took 7,950 pounds of ice for the water that was in three big tanks in the court house yard. There was plenty of ice water all day long.

Fern Palmer, the 8-year-old son of J. M. Palmer, sustained a broken leg while attempting to climb over the court house fence. He was attended by Dr. Frank Wallis, and his condition was much improved today.

TOWN BOYS WON.

Buchanan Street Church Defeated the Harmony Team by 20 to 11 Score.

In a very slow game played Wednesday afternoon at Normal park the Buchanan Street Methodist Sunday school team defeated the Harmony team by a score of 20 to 11. Although the town boys won, they had to forfeit the game on account of not having but eight men to start.

The Buchanan Street Methodist team used three men in the box. Ham pitched the first four innings, but his arm was sore from pitching a three-hit game the day before and Still was put in his place. He proved to be easy for Harmony, and was taken out after the fifth and Moore finished. The slow ball of Moore's fooled his opponents and he shut them out in the last two innings. Lewis went the full seven innings for the Harmony team, but was hit hard. The attendance was good, there being about four hundred rooters.

WANTS TO LIGHT HOPKINS.

Maryville Electric Light Company Would Like to Furnish the Light for That Town.

The Maryville Electric Light company would like to furnish the current for lighting Hopkins, and Richard Kuchs, president of the Electric Light company, and other officers of the company were in Hopkins recently interviewing the committee of that town relative to the matter. A meeting will probably be held soon, when the Maryville people will appear to make a proposition. Hopkins is after electric lights and has been figuring with the Clarinda Electric Light company.

Guests at House Party.

Mrs. William Patterson and Misses Letha and Ethel Shewmaker, who left Bolckow this week for their new home in Harlingen, Texas., are being honored with social affairs by St. Joseph friends, having stopped in that city a few days on their way. A house party is now on for them at the home of Misses Susan and Nell Reynolds, and there was a picnic at Lake Contrary Tuesday evening in their honor. Mrs. Patterson and her daughters have ofen visited friends in Maryvile.

Picnic for Little Friends.

Miss Lou Garrett and Miss Frances Miller gave a picnic supper for a number of their young friends Tuesday evening in Beal's pasture. After supper the entire party returned to town and enjoyed a while together on the merry-go-round. The party included Mrs. W. H. Gilbert and daughters, Lola and Lois; Doris Marie Goforth, Bessie Maud Murray, Gertrude and Arthur Garrett, Elizabeth Flint, Margaret Foster, Laura Craig, Mabel Miller, Frances and Lucy Griffin of Claremore, Okla.; Mrs. Nelson and daughter, Pauline, of Colfax, Wash., and the hostesses.

Party for Miss Sheets.

Miss Carrie Margaret Baker gave a morning euchre party Thursday, complimentary to Miss Harriet Sheets of Aurora, Ill., who is Miss Ruth Montgomery's guest. Pink and white carnations adorned the rooms and the serving was in the same colors. Assisting the hostess were Miss Ella Walton Frank, Miss Mildred Robinson, Miss Ruth Montgomery, Miss Ruby Curnutt, Miss Martha Koch and Mary Josephine Honnold of Chicago, who is on a visit to her grandmother, Mrs. Mary Jean Honnold. The game prize went to Miss Sturm and the guest prize to Miss Chilton. The guests included the members of the Hum Drum and Bridgets clubs, and the following out-of-town visitors: Miss Sheets, Miss Kathleen Chittenden and Miss Maggie Chilton of St. Joseph and Mrs Glade Bradley of Grand Island, Neb.

Dinner and Supper Guests.

Mr. and Mrs. J. F. Montgomery, Mr. and Mrs. G. B. Holmes and Mrs. H. L. Raines were the hosts and hostesses of a picnic dinner and supper Wednesday. Their guests were from Graham and vicinity, and all arrived in time to take the places reserved for them to witness the airship flight of Ralph McMillen from the Normal athletic field, and all during the day took in all the other events incident to the dedication of Maryville's great white way. The dinner took place in Normal park and the supper was on the lawn of the Holmes residence in Holmes Heights. The company included Dr. and Mrs. H. S. Rowlett, Jack and Louise Rowlett, and Mr. and Mrs. John M. Wilson, of Graham; Mr. and Mrs. R. B. Gex, Robert B. Gex, Jr., Miss Elizabeth Gex, Mr. and Mrs. Will A. Burris, Joe and Virginia Burris, of near Graham, and the guests of Mr. and Mrs. Gex, Rev. Yeager of Warsaw, Ky., a noted minister of that state, and Mr. and Mrs. Orville Williams and son, Gex Williams of Ghent, Ky.

More Than One Woman's Job.

It was the fond wish of the reporter to have a beautiful array of automobile and picnic parties for the social column Thursday, of all the people from a distance who came to our airship flight and white way opening, but it would have required a regiment of reporters to keep track of all the fine people who visited our city yesterday, and it was as bad as trying to count the stars to find out how many out-of-town cars there were, nearly all carrying parties of five or seven. And there were more nice get-together affairs than any one could keep up with, and unless the hostess is proud enough of her company to come and tell us about them, or the company proud enough of their hostess to tell, they will have to go unnoticed. Verily, verily, the social spirit in Maryville is spreading greater than the green bay tree. It is like unto the cedars of Lebanon. Mrs. J. A. Clark, living two miles north of Maryville, on the Saints Highway, was good enough to tell us that she counted 159 automobiles Wednesday morning as they passed her home on the way to Maryville to the white way celebration. She did not see all of them, for she was busy with her work to come with Mr. Clark to see the airship flight, and she could only count at odd times. Last night after 10 o'clock, when the people went back, the Saints Highway was one blaze of light for more than one hour.

For Visitor From Clarinda.

Miss Mary Lewis will be the hostess of a picnic party Thursday evening at Chautauqua park, in honor of Miss Doris Richardson of Clarinda, who is visiting at the home of Mr. and Mrs. G. H. Colbert. The party will be chaperoned by Mrs. Emery Airy, sister of the hostess. The guests will include Miss Richardson, Miss Brownie Helpley, Miss Vijune Colden, Miss Olivette Godsey, Miss Vella Booth, Messrs. Phil Colbert, John Murray, Vern Pickens, Richard Halley, Paul Thompson and Harley Hughes.

LADIES' BAND TO JUNCTION.

Miss Nash's Band to Play at the Grand Opera House in Burlington Junction.

Miss Alma Nash's ladies' band will go to Burlington Junction Saturday evening and will play at the Grand opera house in that place during the moving picture shows. Johnson & Leaverton are the proprietors of the theater, which is located in the Lippman building.

Has Passed the 500 Mark.

President Richardson announced this morning that the enrollment had passed the 500 mark. This is the first time in the history of the school that the enrollment has reached this number in any one quarter. This fact is a significant one as it shows the spirit of the district, the confidence in the president and in the school. The hardest part of the school's growth is over. Numbers in a school give prestige, and now under the supervision of our able president and the support of the competent corps of instructors, there is no reason why our school should not advance rapidly to the front.

Conception Man Robbed.

James Powers of Conception was robbed of $30 at Tenth street and Doniphan avenue in St. Joseph Tuesday night, while under the influence of liquor. He has a gash in the head where he was clubbed by the footpads. Three suspects have been arrested and are held pending an investigation of the affair.—St. Joseph News-Press.

HENWOOD IS FOUND GUILTY

Jury at Second Trial Returns Verdict of First Degree Murder.

PRESCRIBES DEATH PENALTY.

Defendant Charged With Killing Bystander While Shooting at Enemy in Barroom of a Denver Hotel—Admits Slaying, but Pleads Self Defense.

Denver, June 19.—The jury in the second trial of Harold F. Henwood for the killing of George E. Copeland returned a verdict of first degree murder and prescribed the death penalty.

Henwood shot George E. Copeland, Sylvester L. Von Phul of St. Louis and James W. Atkinson in the barroom of a local hotel on the night of May 24, 1911. Copeland and Atkinson were bystanders and were hit by stray bullets. Copeland and Von Puhl died.

In the first trial, Henwood was convicted of murder in the second degree and sentenced to imprisonment for life. The Colorado supreme court on Feb. 3, 1912, reversed the decision and remanded the case for a new trial. Following this decision of the supreme court, attorneys for Henwood secured the dismissal of the information charging the murder of Von Puhl on the ground that the case had not been brought to trial within the time limit fixed by law. An attempt to have the Copeland case dismissed on a plea of former jeopardy failed.

In both trials Henwood took the stand as the principal witness for the defense. He admitted the killing and pleaded self defense.

Henwood testified that his quarrel with Von Puhl resulted from an attempt he made to secure letters which had been written to Von Puhl by Mrs. John W. Springer, a Denver society woman and wife of a wealthy banker and stock raiser. Mrs. Springer was divorced by her husband after the shooting. In the second trial just closed, Springer took the stand in behalf of Henwood.

HELD FOR CHEATING POETS

Publisher Kellogg Is Charged With Misuse of Mails.

New York, June 19.—Robert J. Kellogg, president of the Kellogg Music Publishing company, was arraigned before United States Commissioner Shields and held in $1,000 bail for examination on July 12. He is charged with using the mails to defraud.

According to Postoffice Inspector Mayhew, ambitious poets were the victims. It is alleged that Kellogg advertised to set the poems to music, publish them and pay the authors liberal royalties. A fee of $21 was charged.

Mr. Mayhew declared that the songs rarely were published. When a client became insistent, it is charged, the publisher would print a few copies for the author. In such cases, it is alleged, he set the song to old music. One such song offered in evidence was a poem entitled, "The Heart of Washington," set to the music of "Where the River Shannon Flows."

PHYSICIANS DISCUSS CANCER

Dr. Mayo Says Disease in Stomach Is Curable.

Minneapolis, June 19.—In fifteen sectional meetings, the second day of the sixty-fourth convention of the American Medical association opened on the University of Minnesota campus. Various subjects were discussed, all of a technical nature.

That cancer of the stomach is a curable disease was the declaration of Dr. William D. Mayo of Rochester, Minn.

Kansans Cut Wheat by Moonlight.

Wichita, Kan., June 19.—To hasten the harvesting farmers around Wichita are cutting wheat by moonlight. Reports from Mount Hope, Cheney and other centers of great wheat fields say late rains and cool nights have filled out the heads and that the average wheat yield is from fifteen to twenty bushels to the acre.

Two Firemen Die in School Fire.

Milwaukee, June 19.—Two firemen were killed and five others seriously injured in a fire that left the high school in the northwestern part of the city a mere shell of bricks and twisted iron. The loss of the building is placed at $325,000; contents, $50,000.

Fourteen Americans Slain.

Washington, June 19.—Fourteen American soldiers were killed in the recent four days' fighting on Jolo island, when General Pershing's command finally subdued and disarmed the rebellious Moros, according to a report to the war department.

Schooner Sinks With Five.

Boston, June 19.—Captain John Andrew Doggett of Portland, Me., and five members of the crew of the Gloucester fishing schooner Olympia went down with their craft when it was rammed off Sable island in a dense fog by the steamer Sagamore.

Rancher Killed by Stacker.

Sheridan, Wyo., June 19.—Thomas H. Swaim, prominent rancher and business man, was killed by a falling hay stacker on his ranch south of Big Horn.

PRINCE OF WALES.

King George's Eldest Son Was Taken Prisoner and Locked Up All of One Night.

The Prince of Wales, who has gone into training as a private soldier at Mytchett farm, Aldershot, had the misfortune to be taken prisoner of war and as a result had to spend the night in a cricket pavilion. Wearing a khaki uniform and looking bronzed and well, the prince took his place in the firing line of the Oxford university officers' training corps when the troops started to fight their way to camp on Saturday afternoon. Owing to his forward position the prince was one of the first to be taken prisoner, his captors being a detachment of the Bradfield college cyclist corps.

MINE STRIKE INQUIRY ENDS FOR TIME

Committee Closes Its Work in West Virginia and Leaves.

Charleston, W. Va., June 19.—The senate mine strike investigating committee closed its work here for the present and left for Washington. The committee took under advisement a request made by attorneys for the West Virginia coal operators that a subcommittee be allowed to return at a later time to complete the taking of evidence which the operators desire to submit. The investigation will be resumed in Washington within the next few weeks.

The operators controlling the mines on Paint creek and Cabin creek, where the troubles of the last year have resulted in riot and bloodshed, continued the presentation of their side of the controversy. Witnesses were called who contradicted the contention of the miners that the presence of the "mine guards" in the district was the cause of the trouble. Other witnesses, men working in the mines on Paint and Cabin creeks, told the committee that wages paid and the conditions of work and life on the creeks were satisfactory.

PELKEY PLACED ON TRIAL

Pugilist Is Charged With Manslaughter—Hard Job to Secure Jury.

Calgary, Alta., June 19.—The trial of Arthur Pelkey, the pugilist charged with manslaughter in connection with the death of Luther McCarty, in the prize ring here on May 24, began today. It is expected that considerable time will be taken up in the selection of the jury.

Pelkey is training, it is said, in preparation for a fight with "Gunboat" Smith at Los Angeles, July 4, in the event that he is acquitted.

"JOKER" IN SUGAR SCHEDULE

Provision Would Have Refined Bear Two Cents a Pound Duty.

BEET SUGAR LETTERS READ.

One Note Says Committee Furnished Sugar Arguments in Republican Campaign Book Five Years Ago. Oxnard's Objections Overruled.

Washington, June 19.—An eleventh-hour discovery that the sugar schedule of the Underwood tariff bill had a "joker" in it which would have operated to make all refined sugar dutiable at 2 cents a pound, and nullify the provision for free sugar after three years, resulted in an amendment by majority members of the senate finance committee.

Elimination in the Underwood bill of the Dutch standard of color, which has been in tariff bills for many years, it was discovered, made applicable to all refined sugar a paragraph from the Payne-Aldrich bill relating to confectionery, which included the following words: "Sugars after being refined, when tinctured, colored or in any way adulterated, 2 cents per pound."

Beet Sugar Letters Read.

More letters from the private files of the anti-free sugar "lobby" put into the record of the senate investigating committee purported to show that the beet sugar men furnished the sugar tariff arguments contained in the Republican national campaign text book of 1912; engaged Dr. Harvey W. Wiley, former government pure food chief, to deliver lectures; expressed "great doubt" of Taft's ability to carry such states as California, Utah, Idaho and Colorado, and added, "If we don't head him off we might be able to get a promise relative to the sugar and tobacco industries."

The introduction of the private letters was opposed by Henry T. Oxnard and Truman G. Palmer, both prominent in the beet sugar campaign. Through their attorney they protested that the committee had no authority to bring in any correspondence dated prior to the present session of congress on the ground that it was authorized only to investigate if a lobby threatened legislation now pending. Many of the letters referred to activities years ago.

After the committee considered the objection in executive session, Chairman Overman announced that all Oxnard and Palmer lettters would be admitted on the ground that they were corroborative evidence to oral testimony already heard.

Ask Lovett to Explain Charges.

Washington, June 19.—Senator Norris proposed a resolution to broaden the powers of the lobby committee to call Robert S. Lovett of New York to explain statements that Union Pacific and Southern Pacific authorities had been approached by persons professing to have influence in the Union Pacific-Southern Pacific dissolution proceedings. Senator Norris declared that Mr. Lovett's statement had to do with senators and other public officials. After some discussion the Norris resolution was adopted.

EDITORS HELD FOR LIBEL

Four Seattle Publishers Arrested on Secret Indictments.

Seattle, Wash., June 19.—Four editors were arrested on secret indictments returned by a special grand jury.

Colonel Alden J. Blethen, editor of the Seattle Times, and his son, Clarence B. Blethen, managing editor, are charged with having criminally libeled Joseph Jarvis, a Socialist agitator, by printing an article regarding the handling of party funds.

Leroy Sanders, editor of the Seattle Star, is charged with having criminally libeled a county official.

Edward Clayson, Sr., editor of the Patriarch, a weekly paper, is accused of having criminally libeled the judges of the superior court by making attacks on their character.

Woodmen to Vote on Rates.

Rock Island, Ill., June 19.—The question of readjustment of the rates of the Modern Woodmen of America is to be left to a referendum vote of the entire membership of the society, according to an order of the board of directors. The referendum is the result of the protest of some of the members against an increase in rates voted at the last head camp held in Chicago.

Thirty Federal Soldiers Are Executed.

El Paso, Tex., June 19.—Thirty federal soldiers were executed at Bustillos, Chihuahua, by the insurgents under General Francisco Villa, said American refugees, arriving here by handcar from the interior of Chihuahua state.

Yale Confers Degrees on 800.

New Haven, Conn., June 19.—Nearly 800 degrees were conferred at Yale university. The graduates included 275 bachelors of art, 279 bachelors of philosophy and about 125 recipients of higher degrees.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

N. B.—*Write to:* Ladies' Advisory Dept, Chattanooga Medicine Co., Chattanooga, Tenn., for *Special Instructions*, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

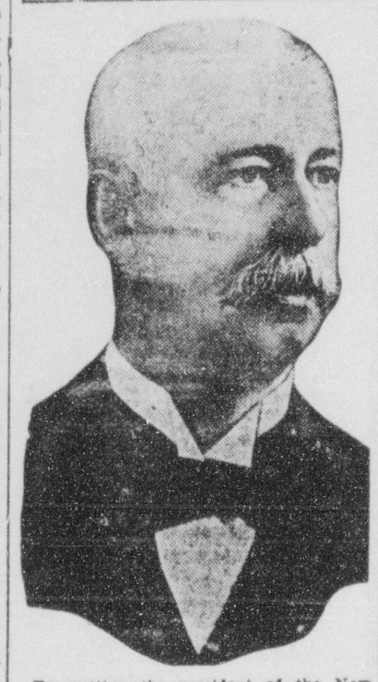
The New Haven Railroad President Will Be One of Witnesses In Wreck Probe.



By putting the president of the New York, New Haven and Hartford railroad company on the witness stand Coroner Phelan hopes to learn the cause of not only the fatal wreck at Stamford, but of the many other accidents on that road since Mr. Mellen became its executive head.

PRESIDENT WILSON DENIES FRICTION

No Misunderstanding With Bryan About Currency Bill.

Washington, June 19.—President Wilson now plans to read his currency message to congress next Monday and the Owen-Glass bill, carrying the administration's ideas on currency reform, will be introduced soon thereafter. By postponing presentation of the bill a few days, the president hopes to secure absolute harmony. During the next few days members of the banking and currency committees of both houses will have an opportunity to see the bill and be consulted by the president. The president took occasion to specifically deny that Secretary Bryan had interjected a note of opposition to the currency bill. Mr. Wilson declared there was no disagreement in the cabinet and "not a shred of truth" in any reports of friction elsewhere.

Samuel Untermeyer of New York, counsel for the Pujo money trust investigating committee, conferred with Representative Henry on the congressman's movement to reopen hearings on the concentration of money and credits.

Crimson Wins From Yale.

Cambridge, Mass., June 19.—The baseball nines of Harvard and Yale battled for fourteen innings to a Crimson victory, evening the series and making it necessary for a third game. The score was: Harvard, 4; Yale, 3.

STORY TOLD BY MR. HOGAN

Rather Late to Publish, But Really So Good That It Is Hard to Pass Over.

A group of revolutionary heroes were swapping tall stories, and from the lips of each there fell wondrous tales of what he had done in the shock of battle or the frenzy of the charge. Finally one old fellow with long, white whiskers, remarked:

"I was personally acquainted with George Washington.

"I was lying behind the breastworks one day, pumping lead into the Britishers, when I heard the patter of a horse's hoofs behind me. Then came a voice:

"'Hi, there, you with the deadly aim! Look here a moment!'

"I looked around and saluted, recognizing General Washington, and he said:

"'What's your name?'

"'Hogan,' I said.

"'Your first name?'

"'Pat, sir—Pat Hogan.'

"'Well, Pat,' he said, 'go home. You're killing too many men.'

"'I think I'd better get a few more, general,' I said, kind of apologetic.

"'No,' he said, 'you've killed too many. It's slaughter. And, Pat, don't call me general; call me George.'"—Short Stories.

Extreme Caution.

A city missionary whose work brings him in contact with thieves, was interested in their frequent mention of a certain chiropodist whom they had patronized.

"I shouldn't think," said the missionary, "that men of your calling would have either the time or the money to fool away on chiropodists."

"We're just the kind that need to fool away time and money on them," one ex-burglar explained. "Of all persons on earth men in our line can least afford to be made nervous by bad feet. Creeping around in a strange place in the dark is ticklish business at the best. It requires above all things sound feet and comfortable shoes. To kick a corn or bunion against a rocking chair or the corner of a bureau, might knock the most profitable job of the season into a cocked hat."

Profitable Swindle Ended.

A curious fact about London sandwichmen has been revealed in the working of the insurance act. The act has spoiled a little game which certain sandwichmen used to play with great profit. A man would hire himself to one employer and go off with the boards. But he would merely deposit them in some secret corner and then go and offer himself to another employer. In some cases this could be worked several times over without detection. In the evening the man would deliver up the boards in the order in which he had received them. But the working of the insurance act gave the show away, for these pluralists had to have an insurance card for each employer.
